AAKAT  
INTERIOR DESIGN

Considérant que chaque projet est différent, il est important d'adapter le projet au regard du cahier des charges, calendrier et budget inhérent à chaque client.

Nous travaillons en collaboration avec des designers industriels et graphiques. En combinant ces disciplines, nous cherchons constamment comment ajouter valeurs et authenticité au projet que nous défendons.

**Nos packs d'architecture d'intérieur sont des éléments clés en vue de présenter des projets de rénovation aux clients, et ce afin qu'ils puissent visualiser au mieux le résultat en amont des travaux.**

Dans cette perspective, nous développons des dossiers de présentation à destination des professionnels : entreprise générales, agences immobilières, régies et architectes afin d'assurer une bonne communication entre les différents intervenants.

Élévation D

Élévation D  
Vue avec textures

A moodboard collage featuring various textures and materials. The top left shows a circular pattern of fine lines. The top center is a layered stone texture. The top right is a close-up of a metallic corner. The middle left is a light-colored wall. The middle right shows an open jewelry box with multiple compartments. The bottom left is a silver onyx wall texture. The bottom center is a wood-grain pattern with a chevron design. The bottom right is a tufted white leather ottoman.
